

Location: County Hall, Exeter

Project Date: 2015

Desking Supplied: Soho 2

Total Supplied: Ongoing

In Partnership with: Fairway Office

Brief

This is an ongoing contract where four building refits have recently been completed and the latest will be for 200 workstations in late Spring 2016. The total trade value will be in the region of £250k. The client needed a clutter free space, which was cost effective and installed quickly.

Solution and Outcome

Soho2 was offered to the client as it offers great cable management, due to sliding tops and full length cable trays. By utilising shared components and therefore reducing the number of legs, this bench solution proved to be extremely cost effective. With uncomplicated assembly, the installations have been quick and straight forward.
