college

**Location:** Stanmore, Middlesex

**Project Date:** 2012

**Desking Supplied:** Vega Bench Desking

**Total Supplied:** 215

### Brief

To provide an area for students to study and have access to IT facilities in the college's Learning Centre. The requirement was for bench desking and it needed to be compliant with the modern, professional appearance of the building.

### Solution and Outcome

Our Vega bench desking was used for this project as this platform system supports both collaborative and individual work requirements. The desking design is timeless and elegant and has practical cable management included, which was important for this project.
